

PLATINUP

- PLATINUP is just developed by Argofile and a leading Japanese polishing compound manufacturer especially for platinum polishing work and it makes the platinum polishing / finishing much better, easier and faster.
- PLATINUP new polishing system consists of only two steps compound works, Fine polishing (PFP-1) and then Mirror Finish (PMF-2).

1. PLATINUP is only for Platinum.
2. PLATINUP does not fly off during the buff work.
3. PLATINUP polishing power is much bigger than any conventional compounds.
4. PLATINUP, two types can be easily recognized by each color, Fine polishing (PFP-1) in Yellow color and Mirror Finish in Green color (PMF-2).

**Fine Polishing
「PFP-1」**
